

**Medical College for Women & Hospital  
Uttara, Dhaka-1230.**

Memo no.- MCW&H/Principal Office/01/2021/04

Date: 21.01.2021

**NOTICE**

**Attention to all Foreign Intern Doctors & their parents/guardian.**

Please be informed that considering the pandemic corona crisis and with respect to national health guidelines of COVID-19 for hostel residence, we forced to separate the hostel student block (for both foreigners & Bangladeshi) from internee Block (main hostel & hospital) for the sake & safety of all examinee (Home & abroad) of upcoming Professional Examinations.

Previously before the start of corona crisis foreign internee doctors were allowed to continue internship training by staying in same room in student block as we have no designated accommodation for foreign intern doctors.

With congratulation to foreigners who passed final MBBS examination successfully & like to go for internship training here – present situation compelled us to take the decision to direct them to leave the room in student block with shifting to intern block.

Also we like to request new foreign intern doctors before taking decision to join for internship they should consider the acceptability regarding present arrangement of intern blocks where Bangladeshi intern doctors are residing without complaining.

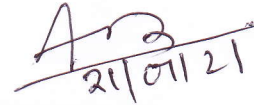

With such agreement & by abiding hostel rules & regulation, with great pleasure we may allow their internship training here. But regretfully we like to announce our current inability to arrange a separate intern block for foreign doctors immediately.

As internship of foreigner is not mandatory here, amid corona crisis & accepting all health hazard issues those foreigners who like to do internship job here are most welcome but urging to admit our existing facilities.

Of course we are hopeful for corona free safe future till then earnest request to adjust with new normal/alternatives.

It is to be noted for foreign doctors not like to do internship training here, temporary accommodation is arranged in hospital intern block to do official paper works.

Above Notice is circulated after conversation with acknowledgement from **Chairman**, Governing body & BOT.
